Emergency Preparedness and Response

Public Health Emergency Preparedness and Response Checklist for Maternal and Infant Health
- **Purpose:** This checklist is intended to augment the capacity of interdisciplinary teams for U.S. states, territories, and jurisdictions to ensure that women of reproductive age, especially postpartum women, and infants are planned for in the event of emergencies.
- **Audience:** State- and territory-level MCH and Public Health Emergency Preparedness (PHEP) staff.
- **Authors:** AMCHP (based on the Public Health Emergency Preparedness and Response Capabilities: National Standards for State, Local, Tribal, and Territorial Public Health, CDC, 2018).
- **Funder:** CDC-DRH
- **Link:** N/A

Medicaid Options for States During COVID-19: Considerations for Maternal and Child Health
- **Purpose:** This resource is designed to provide a summary of Medicaid changes during the pandemic, while exploring how Title V programs have utilized these changes to improve services for MCH, and policy considerations for the future.
- **Audience:** Title V programs and partners.
- **Authors:** Georgia Health Policy Center.
- **Link:** http://www.amchp.org/Policy-Advocacy/health-reform/resources/SiteAssets/Pages/default/AMCHP-GHPC%20Medicaid%20Waiver%20Fact%20Sheet%202021.pdf

Workforce

Housing as a Platform for Treatment and Recovery: The Role of Title V at the Intersection of Stable Housing, Mental Health, and Substance Use
- **Purpose:** This issue brief provides an overview of the scope and impact of homelessness; the association between homelessness, mental illness, and substance abuse; states’ efforts to integrate health care and housing services; and strategies Title V can use to serve vulnerable women and families facing homelessness and behavioral health disorders.
- **Audience:** Title V MCH Programs.
- **Author:** Jess Cohen.
- **Funder:** HRSA MCHB (PRISM)
- **Link:** N/A

Screening, Brief Intervention, and Referral to Treatment (SBIRT) for Pregnant and Postpartum Women: Opportunities for State MCH Programs
- **Purpose:** This issue brief explores SBIRT for pregnant and postpartum women. It outlines tips for SBIRT, including its components, staff training, billing and reimbursement, and mandatory reporting considerations while providing MCH leaders and their partners three innovative state examples of SBIRT program focused on pregnant and postpartum women.
- **Audience:** Title V MCH Programs.
- **Authors:** Melanie Whitter (NASADAD) & Stacy Collins.
- **Funder:** HRSA MCHB (PRISM)
- **Link:** http://www.amchp.org/Policy-Advocacy/health-reform/resources/SiteAssets/Pages/default/AMCHP-NASADAD%20SBIRT%20Issue%20Brief.pdf

Census

2020 Census – Issue Brief, Social Media Resource Guide, Parent Fact Sheet
- **Purpose:** This Fact Sheet provides information about the 2020 census and raise awareness about the importance of counting all children.
- **Audience:** Title V MCH programs and MCH advocates.
- **Funder:** HRSA/MCHB (PRISM).
- **Authors:** Jess Cohen, Stacy Collins.
- **Link:** http://www.amchp.org/Policy-Advocacy/health-reform/resources/Pages/default.aspx

MCH Essentials Series
- **Purpose:** The MCH Essentials Series is a continuously refreshed collection of MCH topics, accessible anytime and from anywhere, covering content that is foundational for effective and equitable leadership across roles and settings. Topics range from MCH history to racial equity to youth empowerment.
- **Audience:** The MCH Essentials Series is for current and aspiring MCH professionals from all disciplines (including youth and families) and levels of leadership. Content is designed to meet a wide range of knowledge and skill development needs.
- **Authors:** AMCHP and affiliated speakers.
- **Funders:** HRSA MCHB (Grant #U0100001)
- **Link:** http://www.amchp.org/programsandtopics/collaborationresources/Pages/default.aspx

Return on Investment Modules (series of 4)
- **Purpose:** This training curriculum is designed to help MCH professionals understand and calculate economic investments, while also helping Title V demonstrate the value of investing in MCH and tell the Title V story through an economic lens.
- **Audience:** MCH Professionals at the state and local level, and students in MCH.
- **Authors:** Mac McCollough (Professor at Arizona State University) and AMCHP.
- **Funders:** HRSA MCHB (Grant #U0100001)
- **Link:** http://www.amchp.org/programsandtopics/ReturnonInvestment%20ROI%20A%20Prevention%20Economies.aspx
Promoting Access to Care for Women of Reproductive Age with Mental Health and Substance Use Disorders in Rural Communities

- **Purpose:** This AMCHP-GHPC issue brief describes current challenges for women of reproductive age in accessing mental health and substance use disorder (SUD) services in rural communities and explores promising policy opportunities and strategies for Title V to increase access to MCH programs engaging with families via telehealth during the COVID-19 pandemic and beyond. It houses information about AMCHP’s RFP during the fall application cycles, summaries of the direct awardees, link to project partners and a telehealth resource library.

- **Audience:** Title V MCH programs and partners.
- **Funder:** HRSA MCHB (PRISM).
- **Authors:** Georgia Health Policy Center, Stacy Collins.
- **Link:** [telehealthresourcelibrary.org](http://telehealthresourcelibrary.org)

Telehealth in MCH Public Health Systems Website

- **Purpose:** This website was created as part of the CARES Act: Maternal and Child Health Telehealth Capacity in Public Health Systems Grant to provide project updates and serve as a resource for MCH programs engaging with families via telehealth.

- **Funder:** HRSA CARES Act Grant #H77MC3765.
- **Authors:** AMCHP Telehealth Team.
- **Link:** [https://amchptelehealth.org/](http://www.amchptelehealth.org/)

Innovation Hub Website

- **Purpose:** Formerly known as “Innovation Station”, this online platform provides MCH professionals and advocates with resources and tools to explore, build, and share effective practices grounded in evidence that improve the health and well-being of MCH populations and their communities. It is home to our MCH Innovations Database, a growing repository of “what’s working” in the MCH field that features practices that are having positive impacts on MCH populations.

- **Funder:** HRSA MCHB (Grant #U01000001).
- **Authors:** AMCHP Evidence-Based Practice Team.
- **Link:** [https://amchpinnovation.org/](https://amchpinnovation.org/)

Podcast: The Role of Doulas in Supporting Women with Substance Use Disorders

- **Purpose:** To discuss the use of doulas in supporting women in recovery and treatment for substance use disorders and explore policy considerations and the Title V role in supporting doula care for women in recovery.

- **Audience:** Title V MCH programs and partners.
- **Funder:** HRSA MCHB (PRISM).
- **Authors:** AMCHP and NACCHO.
- **Link:** [https://amchp.org/Policy-Advocacy/health-reform/resources/podcast/Pages/default.aspx](https://www.amchp.org/Policy-Advocacy/health-reform/resources/podcast/Pages/default.aspx)

Implementation Toolkits for National Performance Measures 2, 3, 7, 8, 11, 13, 14 and 15. National Performance Measure (NPM)

- **Purpose:** The Implementation Toolkits are a series of linked online infographics that provide evidence-based/-informed practices, reports, publications, and other resources geared toward each National Performance Measure (NPM) and can be implemented at the state, territory, and community levels.

- **Audience:** Title V agencies and their partners.
- **Funder:** HRSA MCHB (Grant #U01000001).
- **Authors:** AMCHP in collaboration with relevant partners and populated with implementation-focused resources from Innovation Station, state agencies, and other MCH Partners/TA-funded centers.
- **Link:** [http://www.amchp.org/programsandtopics/BestPractices/InnovationStation/Pages/Implementation-Toolkits.aspx](http://www.amchp.org/programsandtopics/BestPractices/InnovationStation/Pages/Implementation-Toolkits.aspx)

MCH Lead Toolkit

- **Purpose:** The MCH Lead Toolkit shares best practices and lessons learned from Maternal and Child Environmental Health Collaborative Improvement and Innovation Network (MCHE CoIIN), its national partners, and state teams to prevent and mitigate lead poisoning of infants, children, pregnant people, and families. It aims to help public health professionals access resources, strategies, tools, and ideas that they can replicate or adapt in their states, jurisdictions, and communities.

- **Audience:** Local and state health departments workers and decision makers, public health and environmental health professionals and leaders, family and community leaders, students, policymakers, and those interested in decreasing maternal and child exposure to lead and improving systems of care to meet the needs of lead-exposed MCH populations.
- **Funder:** HRSA MCHB MCEH CoIIN

Review to Action

- **Purpose:** To promote state-based maternal mortality review process as the best way to quantify and understand maternal mortality and prioritize interventions to improve maternal health, as well as to provide resources to enhance the quality and comprehensiveness of the Maternal Mortality Review Committee (MMRC) process.

- **Audience:** Maternal Mortality Review Committee members.
- **Funder:** CDC DRH ERASE MM

Factsheet: ACA Open Enrollment Season 2021

- **Purpose:** A consumer-facing fact sheet that provides information about ACA open enrollment season and how to sign up for coverage.

- **Audience:** Title V MCH programs and public health partners.
- **Funder:** HRSA MCHB (Grant #U01000001)
- **Author:** Atiya Chaudhry.
- **Link:** [ACA Open Enrollment Season 2021](https://www.reviewtoaction.org)

**Note:** The information provided is a snapshot of a larger document and may not capture all the details or context of each section.
Autism Acceptance Month coffee talk series

**Purpose:** For Autism Acceptance Month 2021, we work towards our commitment to improving the health of all autistic individuals and promoting acceptance and celebrating autistic people as community members making valuable contributions to our world.

**Audience:** Title V MCH programs and partners, autistic advocates, parent advocates, university partners, community members.

**Funder:** HRSA MCHB SPHARC

**Authors:** State Public Health Autism Resource Center, featuring presentations from Vanderbilt University Treatment & Research Institute for Autism Spectrum Disorder (TRIAD) and Yetta Myrick, DC’s Learn the Signs. Act Early Ambassadors & Research Institute for Autism Spectrum Disorder (TRIAD) and Yetta Myrick, DC’s Learn the Signs. Act Early Ambassadors

**Link:** http://www.amchp.org/programsandtopics/CYSCHCN/projects/SPHARC/resources/Pages/AutismAcceptanceMonth.aspx

Family Stories of the Value of Title V - Sedona’s, Amiels’ and Rajon’s Stories

**Purpose:** These family stories illustrate how Title V has supported families in three states and touches on several domains of MCH including pregnancy and breastfeeding, health for teens, and health of children and youth with special health care needs.

**Audience:** National, state and local stakeholder groups including family leaders, state Title V MCH and CYSCHCN programs, national partners.

**Funder:** HRSA MCHB (Grant #U01000001)

**Authors:** AMCHP and Family Voices.

**Link:** http://www.amchp.org/programsandtopics/collaborationresources/Pages/default.aspx

A Roadmap for Collaboration among Title V, Home Visiting, and Early Childhood Systems Programs: Accelerating Improvements in Early Childhood Outcomes

**Purpose:** To determine what helps and hinders collaboration among HRSA-funded early childhood programs, specifically the Title V Maternal and Child Health (MCH) Services Block Grant, Maternal Infant and Early Childhood Home Visiting (MIECHV), and Early Childhood Systems (ECCS) programs and to provide a framework for improving collaboration among the three programs.

It includes, I) a qualitative analysis of facilitators and barriers to collaborations among HRSA-funded early childhood programs in states and jurisdictions, II) recommendations for improved coordination among early childhood programs, III) a framework with practical and replicable strategies for how these programs can better work together for meaningful change, accomplish shared goals, and leverage shared measures, and IV) a case study from Indiana demonstrating how their Title V, MIECHV, and Early Childhood Comprehensive Systems (ECCS) programs came together to implement the framework.

**Audience:** People who oversees or support the implementation of the Title V MCH, MIECHV, and ECCS Impact programs, and other early childhood systems building programs and initiatives, state and local decisionmakers, public health professionals and leaders, students, policymakers, and other stakeholders working in the early childhood sector.

**Funder:** HRSA MCHB (Grant #U0100001)

**Authors:** Anna Corona, Kate Taft and Maura Leahy – AMCHP’s Child & Adolescent Health Team.

**Link:** http://www.amchp.org/programsandtopics/CYSCHCN/projects/early-intervention-svcs/Pages/default.aspx

Case Studies Highlighting Collaborations between Title V and Key Partners

**Purpose:** These case studies outline how Title V programs have built collaborations and partnerships with other agencies, stakeholders, and changemakers to advance their work. Each case study includes information on why to collaborate, examples from Title V programs, and a checklist for action.

**Audience:** National, state and local stakeholder groups including family leaders.

**Funder:** HRSA MCHB (Grant #U0100001)

**Authors:** AMCHP, with expect consultants Brent Ewig and Rena Large.

**Link:** http://www.amchp.org/programsandtopics/collaborationresources/Pages/default.aspx

Equity

**Purpose:** In this brief, AMCHP offers a definition for equity in telehealth, describes the 4 dimensions for equity in telehealth policy, and provides case study examples of how these dimensions can be applied when assessing the equity impacts of a given telehealth policy solution.

**Audience:** Title V MCH programs and partners.

**Funder:** HRSA CARES Act Grant (H77MD3675)

**Authors:** AMCHP.

Issue Brief Series: Engaging the Power of Title V for Equity in Preterm Birth Prevention

**Purpose:** Explore the unique power of Title V MCH Services Block Grant to support anti-racist strategies and intentionally address the roots of racial injustices in maternal and infant health.

**Audience:** Title V Agencies and their partners

**Authors:** Bejanchong Fioretia & Andria Cornell; Tijen Sumbul and Solaire Spellen; Alexis Cobbins & Cheryl Clark; Aza Nedhari, Jeretha McKinley, Jennie Joseph and Jessica Stieger.

**Funder:** Pritzker Children’s Initiative.

**Link:** http://www.amchp.org/programsandtopics/womens-health/Focus%20Areas/infantmortality/Pages/Healthy- Beginnings.aspx
