Hate directed towards our Asian American sisters, brothers and friends is appalling and unacceptable. We must address racism in our country whenever it arises.

AMCHP stands in support of and in solidarity with the Asian American and Pacific Islander communities. We can NOT afford to be silent! As mentioned in our ‘All In’ Statement, racism is a public health issue and is the root cause of many of the physical, social, emotional, and mental ills of our society. Until we call it out and commit to actively dismantling it, the change we hope to see will be stifled.
