

ASSOCIATION OF MATERNAL & CHILD HEALTH PROGRAMS

2014 Annual Conference: Adolescent/Young Adult Health Events

Saturday, January 25

Skills-Building Session:

Building Comprehensive Systems that Support Adolescent Health

8:00am – 11:00am Capitol B

Presenters from states participating in AMCHP's Comprehensive Adolescent Health Systems Collaborative Improvement and Innovation Network (CoIN) will present on their achievements during the first phase of the project and share lessons learned. Presenters will also share and discuss resources for supporting systems that support adolescent health and lead a discussion on the broader implications of activities that contribute to comprehensive systems that support adolescent health.

Skills-Building Session:

Current Issues in Adolescent & Young Adult Health

12:00pm – 3:00pm Capitol A

Learn about current issues in promoting the health of adolescents and young adults. AMCHP staff will present the results of a recent environmental scan of adolescent health programs under Title V, including overarching themes and program highlights from select states.

Additional speakers To Be Announced.
