Adolescent & Young Adult Health Collaborative Innovation & Improvement Network (AYAH-CoILIN)

Overview and Q&A

March 12, 2015
Brief notes about technology

• All telephone lines will be muted until the Q&A period begins.

• If you need to step away from the phone, please do not put the call on hold. Hang up and join again.

• Questions will be answered during the Q&A session.

For connecting to audio:
Call in Number: 1-800-591-2259
Passcode: 889331#

You will be muted for the presentation, but be able to ask a question during the Q&A.
Questions & Comments

Use the chat box throughout the webinar, and submit Qs at any time
Webinar Agenda

• Overview of the Adolescent and Young Adult Health National Resource Center (AYAH-NRC)
• AYAH CoIIN Overview
• Review of Application Components
• Questions & Answers
Adolescent and Young Adult Health National Resource Center (AYAH-NRC)

With funding from HRSA’s Maternal and Child Health Bureau, the AYAH-NRC supports MCH investments in the health of adolescents and young adults.

University of Vermont: NPIN
Wendy Davis, Judith Shaw
INTEGRATION
Coordinate state systems, healthcare delivery systems, insurers and community efforts.

ACCOUNTABILITY
Improve the response to AYA health issues by monitoring population-level health, safety, and well-being and measuring state-specific performance.

EQUITY
Address structural determinants of health that drive disparate outcomes and create barriers to AYA receipt of quality services.

QUALITY
Improve health services to meet the unique needs of AYA populations.

INTEGRATION
Coordinate state systems, healthcare delivery systems, insurers and community efforts.

ACCESS
Ensure that all young people are able to access and use health services.

OUTCOMES
Increase capacity of public health & health care systems to improve care to AYA
Increased quality AYA preventive visits
AYAH-CoHIN Overview
Poll

• Tell us …
What is a CoIN?

A CoIN is a team of self-motivated people that has a collective vision and is enabled by technology to achieve a common goal by sharing ideas, information, and work.

**Elements**

- Collaborative learning among teams representing multiple states
- Focus on quality improvement (QI) methods including rapid-cycle testing of changes and outcomes
- Common benchmarks to define and measure changes in outcomes and process.
CoLIN Purpose & Goals

Discovering, identifying, and implementing evidence-informed strategies to increase AYA access to preventive health care visits and to improve the quality of these visits.

Opportunities

• Major AYA developmental changes
• Changes in the health care environment.
• Ideas and experiences shared across public health and clinical health systems.
Core Components

5 State Teams

- each state selects 2-3 strategies to address and works together on related activities

up to 3 National Strategy Teams

- made up of representatives of State Teams “cyber-teams” that work together remotely

Community/Local Integration Partners

- supported by State Team (optional)
Support from the AYAH-NRC

- A $15,000 mini-grant
- Training on collective impact, QI, and AYAH issues, local partnerships, integration
- Travel for seven members of the State Team to attend the CoIIN Summit
- Access to an online collaborative work space and a data dashboard

- TA from national experts and federal partners
- Conference call lines, online meeting technology
- A forum to network, share ideas and problem-solve with colleagues nationwide
- Regular, facilitated check-in calls
Expectations of Participants

1. Attend the AYAH CoIIIN Summit on July 27-28, 2015
2. Devote staff time to work of 2-3 National Strategy Teams (NSTs)
3. Devote time to State Team action planning and activity implementation
4. Participate actively in monthly virtual learning events
5. Share data via the CoIIIN’s online dashboard
6. Fulfill reporting requirements related to the $15,000 mini-grant

For States participating in the optional Community Integration efforts:

7. Provide technical support and guidance to the community project
## State Team Requirements

<th>Required on Travel Team</th>
</tr>
</thead>
<tbody>
<tr>
<td>State Title V or MCH Director</td>
<td>x</td>
<td></td>
</tr>
<tr>
<td>State Adolescent Health Coordinator</td>
<td>x</td>
<td>x</td>
</tr>
<tr>
<td>Epidemiologist/data specialist</td>
<td>x</td>
<td>x</td>
</tr>
<tr>
<td>QI specialist</td>
<td>x</td>
<td></td>
</tr>
<tr>
<td>Representative of state Medicaid agency and/or major health plan serving state</td>
<td>x</td>
<td></td>
</tr>
<tr>
<td>Representative of state's primary care association or health center association</td>
<td>x</td>
<td></td>
</tr>
<tr>
<td>Two provider representatives</td>
<td>x</td>
<td>At least 1</td>
</tr>
<tr>
<td>Youth/young adult representative(s)</td>
<td>x</td>
<td></td>
</tr>
<tr>
<td>Community-level partner representative(s) *if proposing community integration component</td>
<td>x*</td>
<td>At least 1*</td>
</tr>
<tr>
<td>Representative of other partner agency/program</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
Expected Benefits for Participants

• Build capacity to address AYAH
• Pursue strategic collaborations between public health and health care partners
• Experience peer-to-peer learning among a small cohort of states
• Receive intensive TA in AYAH, QI and Title V programs
AYAH CoIIN Timeline

- Request for Applications Released: March 5, 2015
- Applications Due: April 16, 2015 (11:59 pm EDT)
- Teams Announced: May, 2015
- Team Orientation/Kick-off Call: May, 2015
- First Monthly Learning Event: June, 2015
Questions

Is this CoInN related to the Infant Mortality CoInN?
Questions

Who is eligible to apply?
Questions

Is there an estimate of how much time this work will require?
Questions

Can State Teams bring more than 7 team members to the Summit in July?
Questions

What if my state is not likely to select the National Performance Measure on Adolescent Well-Visits?
Questions

My state has a large need for this work but not a lot of current activities—should we still apply?
Questions

My state isn’t ready now but would like to be considered for Cohort 2 of the AYAH CoLIN—should we apply now?
