Brief Notes about Technology

Session is being recorded!

- All telephone lines will be muted until the Q&A period begins.
- If you need to step away from the phone, please do not put the call on hold. Hang up and join again.
- Questions will be answered during the Q&A session.
- Mute your line by using the mute function on your phone or by using *6 to mute/un-mute

Asking a Question

You can type your questions into the chat box (shown right)

Raise your hand. Using the icon at the top of your screen (example shown right)

Active Participation = 😊
Agenda for Today

• Background on the AYAH National Resource Center and the first cohort of the CoIN
• Strategic direction and expectations of Cohort 2
• Application process and other requirements
• Answer your burning questions
What is your favorite song OR movie of the season?

POLL TIME!
Remarks from the Center.....

WELCOME!
About the AYAH Center

With funding from HRSA’s Maternal and Child Health Bureau, the AYAH-NRC supports MCH investments in the health of adolescents and young adults.

Increase capacity of public health & health care systems to improve care to AYA

Increased quality AYA preventive visits
Collaborative Learning

- **CoIN**: cyber-team of self-motivated people with a collective vision, enabled by the Web to collaborate in achieving a common goal by sharing ideas, information, and work.¹

- **CoIIN**: adapted to reflect focus on both innovation **AND** improvement: Collaborative Improvement & Innovation Network

AYAH CoIIN

- Goal: Identify & implement evidence-informed strategies to increase AYA access to AND quality of preventive health care visits

National Performance Measure #10:
Percent of adolescents, ages 12 - 17, with a preventive medical visit in the past year
Receipt of a well visit among adolescents and young adults, by Age, MEPS 2011-2013

46%  

Adolescents (Ages 10-17)

28%  

Young Adults (Ages 18-25)
Content of Care:
Adolescents & Young Adults
Preventive services received by past-year receipt of well visit among ADOLESCENTS (yes vs. no), Ages 10-17, MEPS 2007-09 & 2011-13

- Height measured
- Weight measured
- Blood Pressure measured
- All 3 parameters assessed

Received well visit
No well visit
Anticipatory guidance received by past-year receipt of well visit among ADOLESCENTS (yes vs. no), Ages 10-17, MEPS 2007-09 & 2011-13
Preventive services received by past-year receipt of well visit among YOUNG ADULTS (yes vs. no), Ages 18-25, MEPS 2007-09 & 2011-13

- Cholesterol checked
- Blood Pressure checked
- Dental care
- Flu shot

The chart shows the percentage of received well visits and no well visits for preventive services among young adults.
Snapshot—what we set out to do

- Five multi-disciplinary state teams selected

- Testimonial Time!
Two sides of the CoIIN

• State-level focus and initiatives

• National Strategy Teams (3)
  • Made up of reps from ea. state (including a co-chair) and the Center staff
  • To meet and work remotely with each other
• NST members participate in monthly check-in sessions
  • Provide updates on progress within aligning state-level projects
  • Data observations
  • New developments/partnerships to accelerate progress towards aim statement
• Technical assistance/training on specific topic areas that are influential to the aim statement and strategy
• Answer specific questions, respond to requests from NST members, help problem solve
Through state-level intra-agency and public-private partnerships, the second cohort aims to identify effective, replicable strategies for increasing access to, receipt of, and quality of preventive health services by adolescents and young adults.

GLOBAL AIM

Interested? Here is what you need to know

APPLYING FOR COHORT 2
Potential Benefits

• Build capacity to address AYAH

• Pursue strategic collaborations between public health and health care partners

• Experience peer-to-peer learning among a small cohort of states, including knowledge transfer from current participants

• Receive intensive TA in AYAH and Quality Improvement (QI)

Support

• $15,000 mini-grant to support CoIN activities

• Technical assistance from national experts and federal partners

• Travel to in-person CoIN meetings

• Access to virtual meeting and collaboration space
Expectations & Time Commitment

- Establish a multi-disciplinary team, including representation from the adolescents and/or young adults group
- Establish and/or grow a public-private partnership that collaborates together on activities to improve access to and quality of preventive healthcare
- Available to attend AYAH CoILIN 2 Summit (in-person, April 2017)
- Agree to collect and share data related to NSTs that shows change is (or isn’t!) happening
- Participate in virtual NST sessions to share and learn across CoILIN
- Respond to all reporting requirements and requests
- Avg. time commitment per team member: 6-7 hours/month (including 4-5 hours for NST activities)
Application Requirements

- Applicants must be affiliated with State MCH Title V programs
- Primary team lead on application must be a State MCH Title V staff person
- Must include all required sections (pg 13 of RFA)
- Must include all required team members
Mark Your Calendars

- **Deadline for submission:** January 13, 2017
- **Notice of selection:** Mid-February
- **Kick-off Summit:** April 2017
