What is Title V?

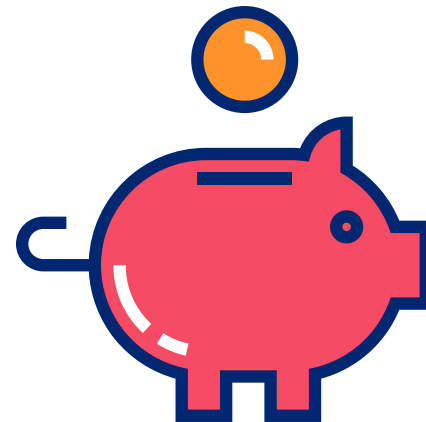

The nation's longest standing public health legislation focused solely on improving the health of all mothers and children, including adolescents

AMCHP

Appropriates funds to states to:

- Ensure access to **quality health services**
- Promote the health of children by providing **preventive and primary care services**
- Improve **transition** from pediatric to adult health care

Challenging Title V to Respond to AYA

Adolescence and young adulthood is a critical period of development for everyone

- Assessing AND addressing issues that affect the well-being of our young people
- Coordination of Systems
- Can bring Positive Youth Development (PYD) to life
- Provide youth and young adults the chance to lead

Robust Tools on Youth Engagement

Interactive module using examples from the field
