

# Resource Colleagues

## CAST-5 Second Edition

*A collaborative project of the Association of Maternal and Child Health Programs and the Johns Hopkins Women's and Children's Health Policy Center*

*A cadre of Title V experts have been trained to assist states in using CAST-5. Some of these "CAST-5 Resource Colleagues" are available for on-site facilitation of CAST-5 assessments, while others are available only for consultation by phone or e-mail. Specific functions of the Resource Colleague, including compensation when appropriate, are negotiated independently with each state.*
