Creating an Integrated Statewide Universal Developmental Screening System

Washington State Title V
Carol Miller-Mental Health Integration/UDS project
Rebecca Timmen-Project LAUNCH/ECCS grants
Sunday, January 26, 2014
Presentation Overview

1. Initiatives with Common Goals

2. Partnership and Collective Impact

3. Road to Coordinated and Integrated Services
Autism and LTSAE

• Washington State Implementation Grant

• LEND Program got an Autism Grant

• Learn The Signs: Act Early Supplemental grant
Forming Partnerships
Across Department of Health MCH Programs
Silo Efforts
Joining of Forces and Common Goals
MCH Performance Measure Map 2013

Selected ACEs  Selected UDS  Selected Both

Note: All selected CSHCN (required)
To Reach All Children,
No Wrong Door
Universal Developmental Screening Partnership

Vision: Universal developmental screening and linkages to appropriate services will be available for all young children in Washington State.
UDS Vision supports shared high-level, long-term goals:

- Positive Early Learning Experiences
- Good Health & Development
- Strong Families

Healthy, Ready, and Successful Children
Universal Developmental Screening in Washington State Outcome Map

Ensure Developmental Screening that contributes to Developmental Wellbeing
- Outreach and marketing efforts
- Tool administration and database
- Results sharing among the medical home and other providers
- Referrals and linking families to developmental information and services
- Follow-up and coordination with families and Universal Developmental Screening System partners

PARENT & COMMUNITY CHANGES
- Increased common understanding of optimal child development and wellbeing among families and communities
- Enhanced family and community understanding of developmental screening
- Increased parent/guardian/caregiver knowledge about typical and atypical development

ACCESS TO SCREENING
- Increased access to developmental screening for all children
- Increased collaboration with the medical home
- Increased # and % of parents/guardians who complete an age appropriate developmental screening tool
- All Universal Developmental Screening System partners (e.g., physicians, early childhood providers, child welfare programs, early intervention, etc.) communicate screening information to families and encourage screening
- Providers understand how to use screening tools and how to access the Universal Developmental Screening System

SCREENING MANAGEMENT & FOLLOW-UP
- Increased identification of developmental need and appropriate intervention
- Increased # and % of families and children with developmental needs are linked to a spectrum of services (including the medical home, early intervention)
- Improved systems for providing developmental screening results to providers and families
- All providers understand follow-up processes and indicators of need for help
- All providers understand how to communicate with families

Partnerships & Mobilization
- Awareness/buy-in campaign (e.g., outreach, academic detailing, Lunch & Learns)
- Coordinating and partnering among systems

Improved awareness/belief of developmental screening as a social norm (similar to car seats)

Increased coordination and integration among and between services and systems (including data systems)
- Reduced duplication of screening efforts
- Reduced fragmentation of services
- Increased ability to track children’s developmental screening outcomes

Universal developmental screening and linkages to appropriate services will be available for all young children in Washington State
Linking: parents, health care providers, early childhood providers, community services

Long-term Goals

Good Health & Development
Positive Early Learning Experiences
Strong Families

Healthy, Ready, and Successful Children

Developmental Screening:
Administration of a brief, standardized, validated tool to identify possible developmental delays in children.
Partnership Progress

- Policy
- Performance Measure
- Partner Engagement
- Practice
- Pilots
- Priority of Early Learning Plan
- Parent Access and Information
New Opportunity

Early Childhood Comprehensive Systems
You don’t have to see the whole staircase, just take the first step
