

Acknowledgements

We would like to acknowledge the Association for Maternal & Child Health Programs, March of Dimes, and the Centers for Disease Control and Prevention (CDC) for their participation and scientific guidance in the development of the State Infant Mortality Toolkit. Dissemination of this Toolkit was supported by Cooperative Agreement Number DP10-100603 from CDC. Its contents are solely the responsibility of the authors and do not necessarily represent the official position of CDC.

We would like to acknowledge the work done in 2004-2006 by the original State Infant Mortality (SIM) Collaborative Advisory Committee, SIM Toolkit Committee, Small Planning Group, Participating State Teams and AMCHP staff. Please see the names of the original members and participants below.
